

The screenshot displays the aaldenONE interface for a Power Survey. The status is 'Complete'. The 'Related Conversations' tab is selected, showing a table of parent and child conversations. A callout '1' points to the 'Complete' status. A callout '2' points to the 'Related Conversations' tab. A callout '3' points to the parent conversation number '746126'. A callout '4' points to the 'I want to...' dropdown menu.

Conversation Number	Is Closed	Conversation Type	State	Assigned To	Conversation Title
746126		TEST-Eversource Permit to Attach Request	Survey	SinglePoleAdministration@eversource.com	test !

page walkthrough

- ① The status is “Complete.”
- ② Go back to the parent conversation to continue the permit process. Find the parent conversation easily by going to the “Related Conversations” tab.
- ③ Click on the parent conversation number to open it.
- ④ You can still send this Survey conversation back to SPA Review by using the “I want to...” button and selecting “Change Status...” then selecting “Send Back to SPA Review.” This will also put the parent conversation back into the “Review” status.
