

The screenshot shows the aldenONE Pole Search Results interface. The interface includes a search bar at the top, a map of the Denver area, and a sidebar with filter options. The sidebar is divided into sections: "Assigned To Me", "Poles on Map", "Results Returned" (3617), "Assets Searched", "Keyword Search", and "Pole Filters". The "Pole Filters" section is highlighted with a green box (callout 1) and contains a list of filters with checkboxes and counts. The "Apply Filters" button is highlighted with a green box (callout 2). A red box (callout 3) highlights the "Owner Name" filter, and an orange box (callout 4) highlights the "Year Placed" filter. The map shows a bounding rectangle around a specific area in Denver.

1. The filter options listed in the red area are limited to a set of categories that are favored by you (more information available in "Refine All Filters"). The number of values under each filter category is limited to the top 5 values based on the number of results containing those values. Click "See More Filters" to get the next 5 results.

2. Click "Apply Filters" to update the search results based on the selected filter values.

3. To work with a list of all filter categories for the search results, click the "Refine" link.

4. When filters are applied, the Applied Filters are listed in the green area. The list of filter values and count in parenthesis are also updated as filters are applied. You can remove a filter by clicking the "X" next to the label for the applied filter.

## page walkthrough

- 1 The filter options listed in the **red area** are limited to a set of categories that are favored by you (more information available in "Refine All Filters"). The number of values under each filter category is limited to the top 5 values based on the number of results containing those values. Click "See More Filters" to get the next 5 results.
- 2 Click "Apply Filters" to update the search results based on the selected filter values.
- 3 To work with a list of all filter categories for the search results, click the "Refine" link.
- 4 When filters are applied, the Applied Filters are listed in the **green area**. The list of filter values and count in parenthesis are also updated as filters are applied. You can remove a filter by clicking the "X" next to the label for the applied filter.

The screenshot shows the 'Refine Filters' dialog box. On the left, there is a list of filters categorized into 'Favorites' and 'All Filters'. The 'Attacher Name' filter is highlighted with a blue star and a callout '3'. The 'All Filters' list includes options like '.25 Mile Grid', 'Address', 'City', 'Class', 'Conversation Type', 'Country', 'Custodian', 'Custom Attribute', 'Date Placed', 'Division', 'Geo Location', and 'Height'. The 'Attacher Name' search bar at the top right has a callout '4'. Below the search bar, there is a list of filter options with callouts: 'ATCHISON TOPEKA & SANTA FE RR CO (2)', 'CENTURYLINK (2861)', 'COMCAST - CO (2497)', 'NONE (260)', 'XCEL ENERGY PSCO (2378)', and 'ZAYO GROUP LLC (1)'. At the bottom right, the 'Apply' button is highlighted with a callout '5'. The 'Cancel' button is at the bottom left.

## page walkthrough

- ① Your favorited filters for this asset type are saved here. These are the filters that will show in your filters pane on your search pages.
- ② To add a favorite filter, find one in the All Filters area and click the unfilled star.
- ③ To remove a favorited filter, click the filled star of a favorited filter.
- ④ The complete list of filter options available for the type of asset is listed here. Click one of the filter options in the list on the left, then set the values for that filter. Each filter category may have a different method of setting the values, dependent on the type of data and configuration of that filter. In some cases, all available values will be listed as shown in this screen. In other cases, you can search for a phrase or word. Or you may be able to use familiar operators like equals, greater than, or between, to define a numeric value.
- ⑤ As values are selected, the filters are displayed in the **green area**. These filters are applied by clicking the Apply button. The filters with selected values are moved to the top of the list in the list of filters on the left.
- ⑥ When finished, click Apply. This will update your search results with all of the filters you applied and will take you back to the updated search.
