

aldenONE Pole Search Results – Overview

The screenshot shows the aldenONE Pole Search Results interface. The interface includes a search bar at the top with a dropdown menu (1) and a search icon (2). The search results are displayed as a map of the United States with red squares indicating pole locations. A sidebar on the left contains filters (4) and a search results tab (3). A green box highlights the view type selection options (5).

1. Search context dropdown menu

2. Search icon

3. Search results tab

4. Pole filters sidebar

5. View type selection options (Grid, Map)

page walkthrough

- 1 Use the search context to change your search to “Poles.”
- 2 Click the search icon, or type in a keyword.
- 3 Each new search opens a search results tab and displays the count of the results.
- 4 Use the pole filters located in the **red area** to limit the search results. Refer to the help topics related to Filters for more information.
- 5 View the search results as a grid, or on a map by selecting the desired view type in the **green area**. Refer to the help topics related to Views for more information.
