

Release Notes 19.1.1

Walkthrough of Improvements for this release of Alden One.

The screenshot shows the aldenONE interface with a conversation list. The 'Take Action' menu is open, showing options like 'Open Item', 'Clone Conversation', 'Change Status of Conversation(s)', 'Change Parent Conversation', 'Remove Parent Conversation', and 'Clear Selection'. A red circle '1' highlights the 'Export to Excel' button, and a red circle '2' highlights the 'Change Parent Conversation' option.

Conversation #	Title	Type	Last Update	Status
756158	Jacque test	TEST-Pole Construction	4/25/2019	Draft
746091	test	TEST-CTL Field Inspection	4/22/2019	Fielding
746089	test	TEST-CTL Field Inspection	4/22/2019	Fielding Complete
735992	12-3 test 2	TEST-Transfer Notice	4/23/2019	Escalated
735990	test transfer	TEST-Transfer Notice	4/23/2019	Construction

page walkthrough

- ① Sometimes a conversation needs to be given a parent, re-parented, or removed completely from a parent conversation. Select your conversation from the grid or map.
NOTE: Only certain users will have this feature available. If you need to perform this action, contact the appropriate administrator.
- ② To change the parent to another parent, click “Change Parent Conversation” from the Take Action menu.
- ③ To remove a parent from the conversation, click “Remove Parent Conversation” from the Take Action menu.

The screenshot displays the aldenONE web application interface. At the top, there is a navigation bar with the aldenONE logo, a search bar, and a user profile for Cory Casella. Below the navigation bar, there are tabs for 'Assigned To Me', 'Poles on Map', and 'My Conversati...'. The main content area shows a conversation detail view for conversation ID 735990, titled 'TEST-Transfer Notice'. The conversation is initiated by clpadmin@nu.com. The 'I want to...' dropdown menu is open, showing various actions. The 'Print' option is highlighted with a red box and a red circle containing the number 2. A red circle containing the number 1 is positioned over the 'I want to...' dropdown arrow.

page walkthrough

- ① To print a conversation, go to the "I want to..." menu.
- ② Select "Print."

1

The screenshot displays the AldenONE interface for printing a conversation map. At the top, there is a navigation bar with tabs for All, Attributes, Poles, Pole Attachment, Notes, Contacts and Companies, Related Conversations, History, Map, and Photos. The Map tab is selected, and there are checkboxes for Show Coordinates and Show Grid. Below the navigation bar, there are two contact information sections. The first section is for cory.casella@aldensys.com, and the second is for CLP Admin (CONNECTICUT LIGHT&POWER). The main content area shows a 'Conversation State Changes' flowchart with stages: Initial, Review, Overdue, Escalated, and Construction. A map is located at the bottom of the interface, showing a street grid with several red location markers labeled with numbers like 37900, 37285, 4276, 4277, 377138, 8050, 37484, and 37485. A coordinate pair 41.28128, -72.81187 is also visible on the map. A zoom control is present on the left side of the map.

2

page walkthrough

- ① The map is available to be printed along with the other information about the conversation. Toggle the map on or off using the checkbox here. **New to this release:** Zoom the map to different levels, Show coordinates and Show grid.
- ② Zoom the map in or out here.

The screenshot displays the Alden One user interface. At the top right, a user profile for Cory Casella is visible, with a 'User Settings' dropdown menu. The main content area is titled 'Account Basics' and includes a 'Change Your Password' link. Below this, the 'Notification Preferences' section is highlighted with a callout '2'. It contains two sub-sections: 'Select option for conversation notifications' and 'Select option for conversation notification digest'. The first sub-section has three radio button options: 'All', 'Mine' (selected), and 'None'. The second sub-section has three radio button options: 'Never', 'Hourly', and 'Daily' (selected). A 'Save' button is located at the bottom of the form. A callout '3' points to the 'Save' button. A callout '1' points to the 'User Settings' menu item in the top right corner.

page walkthrough

- ① **New feature:** Group your emails into a digest format. Go to your User Settings in your User menu at the top right of the application.
- ② Select what emails you'd like to receive based on your involvement in the conversation.
- ③ Select if you want to get a digest, or grouping, of emails, and how often you would like to receive a digest email from Alden One.

User Stories

Users can now modify the parent of a conversation

Users can now select all/deselect all of the sections of a conversation to be included when printing

Users can now choose which specific conversation header attributes to print

Users can specify how the assets on the map should be printed (zoom level)

The facet panel in the search results tabs is now collapsible

Users can now add up to two criteria when filtering search results using the column headers

Customers now have the option to share subsets of their assets with other companies

Users can now filter by the Conversation Number on the Related Conversations tab on Conversation and in Search Results

The Expand icon on the assets tab of a conversation has been changed from a 'plus' icon to a 'chevron' to reduce confusion

Bugs

Improved error message when exporting search results with 0 rows

User is now able to delete photos that they uploaded to Alden One via Collect

Exporting conversation with no assets no longer throws an exception

Corrected the count of users shown on the User Management & Role Managementscreens

Status/assign dialog is no longer dismissed when the "Note Required" message is dismissed

Corrected capitalization and formatting issues in the Send Email dialog

Suggested Contacts drop-list when assigning a conversation was moved to just below the field where the user types

Suggested Contacts drop-list when sending a conversation email is no longer transparent

Improved the spacing between the Suggested Contact name and email address

Fixed issue of duplicated contacts on a conversation if user double clicked the Add button

Fixed issue that caused the paging tools to be inaccessible in the search results grid

Active tab is now highlighted as expected

Fixed issue with overlapping text in the Selected Items tray at the bottom of the map

Fixed issue where removing a role shared with a company incorrectly removed the first company listed

Fixed issue where saving a search with the same name as an existing search appeared to create a duplicate

Alphabetized the list of Roles in the User screen
