

## Manually Add Asset to Map

1. From **Poles on Map**, click **Map** view (upper-right) as needed.
2. Zoom in on the map to where the asset needs to be added.
3. Click the **Add Asset** drop-down.
4. Click **Add poles on map**.
5. Click on the map where you think the asset is located.
6. Fill in the **Add Pole** window with as much information about the asset as possible.
7. Click **Save**.
