

Manually Add Asset to Map (Attachers)

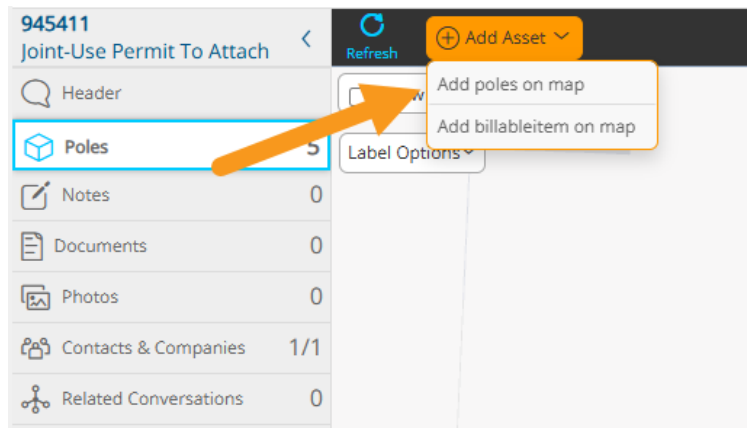

1. From within a Conversation, select the **Poles** tab.

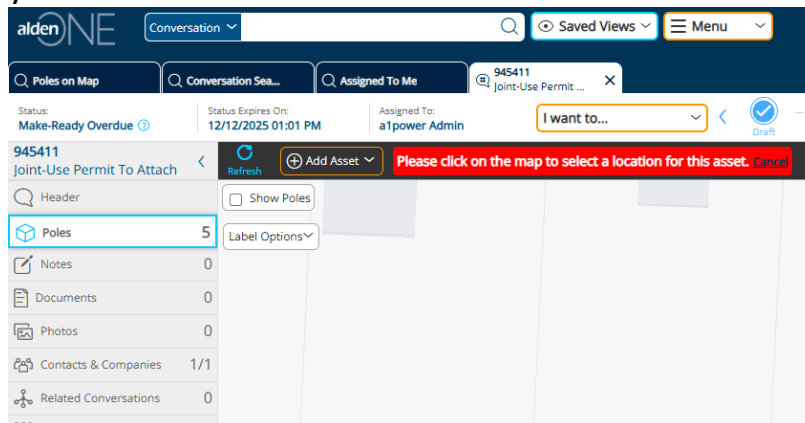

2. As needed, click **Map** view (upper-right).

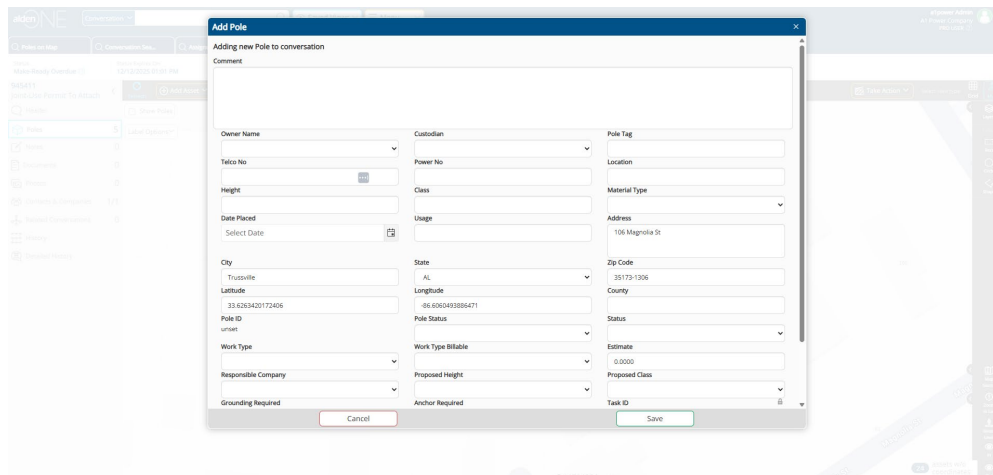

3. Zoom in on the map to where the asset needs to be added.
4. Click the **Add Asset** drop-down, then click **Add poles on map**.

5. You'll see a red banner with instructions. Click on the map where you think the asset is located.

6. Fill in the **Add Pole** window with as much information about the asset as possible.

7. Click **Save**.
