Update Asset(s)

1. From a Conversation, click the **Poles** tab.
2. Select the poles that you need to add attachments to or select them all by clicking the **Select Items** button then **Select All Poles**. Click **Line edit asset(s)** or **Form edit asset(s)** if you wish all assets to have the same updates.
3. In the new window, select from the pick lists and/or fill out the information as needed for the assets.
4. Click **Save**.
